- Certified

Throne

- 800 gsm
- Combed Cotton
- 'Like New' appearance after multiple washings
- New spinning process whereby the cotton fibers are mechanically aligned to form more smooth and more parallelized fibers for softer hand feeling and perfect absorbency
- Great smooth and neat appearance on pile, perfect appearance on shelves
- Instantly absorbs water while staying soft and plush.
- Yarn developed by SANKO R&D Team

Micro Touch

- 650 gsm
- Combed Cotton
- Generously soft
- Less hairness than regular Zero Twist towels
- Environmentally responsible product, reduced consumption of soluble materials and so less water consumption and energy
- Yarn developed by SANKO R&D Team

Chevron Rice

- 650 gsm
- Multi twisted yarn gives a rich effect on pile as well as a clearer appearance on design
- Feeling softness like touching on cotton bundle

Chevron Peshtemal

- 580 gsm
- Traditional peshtemal with terry toweling
- Terry toweling makes the towel more elegant and absorbs the water like sponge

Dandy

- 580 gsm
- 3 yarn technique on pile with our newly developed yarn by R&D
- Using a special thread , chevron design is obtained only with a pile yarn and it gives a different effect to the towel looks like a painting.

Mosaic

- 420 gsm
- Inspired by 2300 year-old Zeugma City's heritages
- Traditional Sanko quality combined with a new velour process to make the towel more shiny and softer
